Join the skincare revolution

This system represents a new class in skin care excellence, through its differentiating handpieces and proprietary serums that help brighten, detoxify and revitalize skin of any type and scalp & hair at any age.

POWERED BY EXO-E TECHNOLOGY

AquaFirmeXS serums are derived from ancient Ayurvedic principles and available to us through modern technology. These serums correspond to the skin's needs and simulate the body's natural healing response to clarify, hydrate, brighten, & detoxify skin to help with anti-aging.

CLARIFY For cleansing and exfoliating

VIVIFY Helps brighten the facial complexion

DETOX Helps reduce inflammatory pollutants, decreases free radicals, and balances the skin

DEFY The most advanced scientifically developed defense against 'inflammaging'

1 PLATFORM 3 TECHNOLOGIES

AquaFirmeXS has three unique modalities:

EVO HANDPIECE

The EVO handpiece combines a conical evacuation with a proprietary micro-cupping technology to remove debris from the skin.

EXO2 HANDPIECE

The Exo2 handpiece incorporates vibrating massage to promote blood flow and increase circulation to the area.

ULTRA HANDPIECE

The ULTRA handpiece assists in delivering the serums to help improve absorption by the skin.

DE|RIVE

To further enhance your patient results you can use DE|RIVE with the ULTRA technology. DE|RIVE is specifically formulated to nourish the scalp and support hair health.
