

# THE COMPLETE APPROACH TO RESILIENCE

## BIOME BALANCE WITHIN NOURISH YOUR SKIN FROM THE INSIDE OUT.

Your body's microbiome plays a vital role in your skin's clarity, hydration, and resilience. Beneficial bacteria in Biome Balance Within produce nourishing short-chain fatty acids that support an anti-inflammatory, immune-supportive environment. This balanced internal ecosystem helps regulate immune response and sets the stage for clear, hydrated, and resilient skin.

## BIOME BALANCING SERUM BALANCE YOUR SKIN'S MICROBIOME FROM THE OUTSIDE IN.

Your skin's ecosystem thrives on balance. Our Biome Balancing Serum harnesses your biology to support and strengthen your skin's ecosystem at its foundation, helping to build resilience, support your skin barrier, and maintain a balanced skin microbiome.

# DISCOVER A COMPLETE SYSTEM THAT NOURISHES YOUR MICROBIOME, INSIDE AND OUT.

Your microbiome - from gut to skin - is an interconnected system that influences everything from immune response to visible radiance. SIV's Inside + Outside approach is designed to harmonize this network using spore-based probiotics and biocompatible ingredients that work with, not against, your natural biology.

## BIOME BALANCE WITHIN

### SPORE-BASED BACILLUS PROBIOTIC BLEND

Promotes microbial diversity and supports skin clarity

### GOLDEN TOMATO CAROTENOIDS (LUMENATO™)

Enhances carotenoid content and defends against UV stressors

### CITRUS POLYPHENOLS (MICROBIOMEX®)

Supports gut barrier function and beneficial bacteria growth

### VITAMIN K2 (MENAQUINGOLD®)

Promotes firmness, elasticity, and healthy blood flow

## BIOME BALANCING SERUM

### SQUALANE

Biomimetic oil for lasting hydration

### CAPRYLIC/CAPRIC TRIGLYCERIDE

Lightweight emollient that nourishes the skin barrier

### GLYCERYL CAPRYLATE

Plant-based moisturizer that enhances suppleness

### BACILLUS SPORES

Adapt to your unique skin microbiome for personalized balance
